## CHAS. W. NOWLAND COMMITS SUICIDE

### Sends Bullet Through His Brain at Residence of Sister.

### CAUSE IS UNKNOWN.

**Had Been Member of Police Force—Recently Night Watchman at Board Motor Works.**

Charles W. Nowland, son of George A. Nowland, shot himself through the right temple at 11:20 o'clock this morning at the residence of his brother-in-law, Edward Downey, northwest corner of Wilkes and Royal streets, and died at 1:20 o'clock this afternoon at the Alexandria Hospital, to which place he had been hurried. The cause of Nowland's rash act is unknown. He was 40 years old and was a widower, his wife having died several years ago.

Nowland had recently been a night watchman at the works of the Board Motor Truck Company, on north Henry street, and was on duty last night. He resided with his parents on south Fairfax street, but spent considerable of his time at the residnce of his brother-in-law, and this morning he went to the latter place after leaving the premises of the Board Company. He was seated near the stove in the kitchen of Downey's residence in a conversation with his mother, Mrs. Carrie Nowland. The latter left the room when Nowland began to talk to his sister, Mrs. Susie Downey. While thus engaged he picked up his pistol, a .32 calibre Iver Johnson, with a pearl handle. Mrs. Downey supposed he was about to remove the cartridges, as he always did upon returning from duty lest children should pick up the weapon, but, to Mrs. Downey's horror, she saw him place the muzzle to his right temple and pull the trigger. Blood spurted from his head simultaneously with the report of the pistol, and Mrs. Downey rushed into the street screaming for assistance.

William F. Webster and several other persons who were nearby went into the house and proceeded to the kitchen where they found Nowland in a chair and unconscious with blood flowing from the right side of the head. He was rushed to the Alexandria Hospital, where Dr. Yates made an examination. The doctor announced that his death was inevitable. Later Drs. Moore, Delaney, and McGuire examined the wound and confirmed the opinion of Dr. Yates.

The bullet had entered the right temple, ploughed its way through the brain and had made its exit on the left side of the head a few inches above the temple. Hemmorhages had set it and there was nothing that could be done.

Besides his parents Nowland is survived by two brothers—Messrs. James and Joseph Nowland, and two sisters, Mrs. Edward Downey, and Mrs. Matilda Foote.

In early manhood he worked as a machinist in the Southern Railway shops at different places, and a few years ago became a member of the Alexandria police force, but resigned his position last June.

He made a good officer and was popular with all who knew him.

## NEWS OF THE DAY.

Miss Edith Howson, 29 years old, of 1231 Massachusetts avenue, southeast, Washington, was attacked by a negro last night in front of her home. She escaped from the man's clutch and notified the police, who within an hour, arrested in the cellar of a next door neighbor's house a colored furnace tender employed there. Miss Howson identified the prisoner as the man who had assaulted her, the police say.

The Russian government has just purchased the palatial home of John Hays Hammond, the mining engineer, on one of the principal residntial streets of Washington, for its new embassy residence. The residence is one of the handsomest in the city and it is understood was bought for about $500,000. The residence was originally built by the late George M. Pullman, but was never occupied. Last May it was sold to Mr. Hammond, who later decided to make his home in New York, thus again leaving the place unoccupied. He decided to sell when negotiations were begun by the Russian government for an embassy home.

Pekin is in the grip of a reign of terror which can be compared only to that which existed in Paris after the revolution. Statesmen, nobles and Mandarins are being executed hourly on suspician of being involved in a plot against the president, Yuan Shi Kai, who has declared a suspension of the newly acquired constitution privileges and the resumption of martial law. The five great squares of Pekin are sodden with the life blood of China's greatest men, and the streets leading from them are veritable streets of horror, and the shivering populace is compelled to watch the executions and wait in sorrow and terror.

Charles F. Murphy never will dictate the nomination of another candidate for office nor manage another campaign for Tammany Hall. This is the positive declaration made by six of the foremost leaders of that organization Murphy himself answered all questions by saying: "There will be another day." McCall, the Tammany candidate for mayor left the boss to do the explaining. He left the city for an indefinite stay at Hot Springs. Aside from his defeat in New York City the worst blow dealt Murphy is the fact that he will now be ignored absolutely in the administration of New York State affairs. The name most heard in connection with the leadership of Tammany Hall after the retirement of Murphy is that of Maurice Featherson.

A dispatch from Hammond, Ind., says at a riot at Indian Harbor yesterday afternoon over the election of Frank Callan, Citizens' party man, over A G. Schlicker, Republican, three men were shot,two were killed and a score of others hurt. The men were all Hungarian adherents of the respective candidate. A posse of citizens are hunting the murderers.

The insane King Otto of Bavaria, was deposed yesterday from the throne of the Kingdom of Bavaria, which he has occupied for 27 years, without being aware of his position. Prince Regent Ludwig proclaimed himself king yesterday morning, in pursuance of the provisions of a law just enacted by the two houses of the Bavarian Diet. The new king is to be known as Ludwig III. He will take the constitutional oath probably on November 8. A royal proclamation which was posted throughout the kingdom yesterday declares incurable the insanity which has incapitated Otto from ruling and states that, in consequence of this, Prince Regent Ludwig has brought his regency to an end, has ascended the throne and nominated himself king. The deposed King Otto was born on April 27, 1848, and succeeded his brother, Ludwig II, who drowned himself in Starnberg Lake on June 13, 1886.

During a fight in a dance hall at Rochester, Nev., Tuesday night "Billy" Edwards, proprietor of the place, was shot and killed by J. G. McFadden; Frank Manda, Edwards' partner, was shot over the heart and will die, and "Shord" Burns and Emma Hoffman, the latter McFadden's wife, were also wounded. McFadden came to the dance hall to persuade his wife, who was working there, to leave the place. The three other men dissuaded her.

## RUSH SOLDIERS TO INDIANAPOLIS

### Entire State Guard Will be Used to Bring About Peace.

### TO HAVE MARTIAL LAW

**Governor Ralston Orders Troops To Prevent Further Bloodshed in the Streets of City.**

Indianapolis, Ind., Nov. 6. — The entire national guard of Indiana is coming here today for duty in the street car men's strke.

Governor Samuel M. Ralston this morning stated that he has called out every company.

Companies mobilized early today and troops entrained from all sections of the state. About 3,000 men are in the full completement of the State militia forces.

As soon as a sufficint number of men are here martial law will be declared Attempts will probably be made to man cars under guard of troops, and, judging by the riots that followed similar attempts with police protection, further bloodshed is possible. Four men have been killed and scores injured as the result of shootings and stonings since the strike was called on Friday night.

The militia call was decided on by Governor Ralston after protracted conferences yesterday lasting far into th night. Merchants who declared the tie-up of local and interurban car traffic had cut down trade to a third of normal, insisted on the troops. The strikers offered to waive recognition of the union if arbitration was resorted tod, but Presideit Robert Todd, of the Traction Company, reiterated that there was nothing to arbitrate.

Police Chief Martin Hyland admitted his inability to keep order. He reiterated how his patrolmen turned in their badges when ordered to board cars manned by strikebreakers.

Sheriff Perteus admitted that his call on the prominent business men to act as deputy sheriffs brought so many excuses of illness from the wealthy men that it was hopeless.

With both city and county authorities admitting their inability to move cars and keep order, Governor Ralston said it was up to the state and the militia call was the result.

Two hundred and fifty strikebreakers brought here by special train from Chicago are being housed and fed in the company's car barns. They are paid $4 a day. The strikers demand $2.86 a day for nine hours work.

The interurban trainmen did not respond to the strike order, but violence greeted the appearance of interurban as well as local cars and the out-of-town lines suspended traffic in this city, crippling the most extensive system of interurbans in the world. A suit for a receiver and forfeit of franchise is pending against the local company

Ethelbert Stewart, of Washington, representing the Department of Labor, will remain here and continue his efforts in behalf of arbitration.

## CURRENCY BILL.

**Vote Shows Violent Opposition to Features of The Measure.**

Washington, Nov. 6. —The pronounced opposition in the Senate Banking and Currency comittee to some features of the administration banking and currency bill has found expression in a vote eliminating the compulsory rediscount feature and adopting a resolution by Senator Reed which requires the regional banks to keep 50 per cent of the reserves under the control of the Federal reserve board in Washington.

In part, this vote indicated the fact the committee strongly leans to a centralized system, and, in part it repesents fear of senators that the compulsory rediscount feature will work badly, and result in hurtful action toward one region of the country by compelling it to use its resources to aid another part of the country.

Senators Reed and Hitchcock voted with the Republicans for the Reed resolution. The President is opposed to the change and the action taken was looked on in some quarters as a direct challenge to the White House.

The Reed plan would cause a large volume of reserve funds to be deposited in Washington. The amount would be $250,000,000 or some $300,000,000. These funds could be used by the Federal reserve board on short notice to help any section of the country in need of help, and this without withdrawing money from one section to help another section

Senator Owen protested vigorously against the action of the committee, and insisted it was temporary

## CHINA IS AGAIN A STORM CENTER

### Action of Yuan Shi Kai Causes Considerable Anxiety.

### HIS DRASTIC ACTION.

**Trouble in Store For Young Chin—Embarrassment in Administration Circles.**

Washington, Nov. 6.—Alarm and no little embarrassment is felt in Administration circles today over the reports reaching the State Department regarding the reign of terror in China though the drastic action of President Yuan Shih Kai in dissolving the Kwo Ming Tang party and ousting 300 of its members from parliament.

The United States was the first foreign nation which recognized the republic of China, and it has been the constant friend of the young government ever since its birth. Foreign diplomats in Washington are curious to see what course this country will now pursue, inasmuch as it has publicity, branded as unconstitutional the action of President Huerta in purging the Mexican congress of representatives hostile to himself.

An immediate fear on the part of the Government here is that the action of Yuan will be followed by trouble for the young Chinese educated in mission schools and in the United States, inasmuch as many of the ousted deputies are mission school graduates.

In addition to expelling the deputies, the Chinese President has issued an edict prohibiting the use of the party name, and declaring that any one who uses it after three days' notice, will be deemed guilty of treason.

## FIRST UNOPPOSED IN 30 YEARS.

**But Once Before Since Civil War Has Virginia so Chosen a Governor.**

The first Virginian for more than thirty years to rise to the executive mansion without opposition by a recognized political party, Henry C. Stuart, of Russell county, was elected Governor of Virginia in the election Tuesday by an all but unanimous vote of the electorate of the State.

But once before since the Civil War has a governor been elected with no opposition by an established party, and to Mr. Stuart falls the further and unique distinction of being the only man since the sixties to receive the Democratic nomination for governor by the unanimous vote of the Democrats of the State. F. W. M. Holloday was elected governor in 1877 without an opponent, but in the Democratic convention that nominated him he became the choice of the party only after a vigorous fight.

In the absence of opposing Republican or Progressive candidates, the entire State ticket of the Democratic party was elected also by a practically unanimous vote. All the way down the line there were Socialist an Independent candidates, but their vote was so small as to be almost negligible by comparison with the vote of the Democratic nominee.

Mayor Nathan and the Aldermen of Rome, after a heated discussion, has decided to resign from office. This action was due to the defeat on November 2 in the second ballot of the general elections of the two candidates in Rome supported by the municipal "bloc."

## NAVY TO BE PUT ON WAR FOOTING

### Hurry Orders Have Been Issued at the Norfolk Navy Yard.

### SITUATION IS SERIOUS.

**President Wilson and Secretary Bryan Consider Request of Mexican Insurgents.**

Norfolk, Va., Nov. 6.—Orders have been received at the Norfolk navy yard to put all vessels, even tugboats, on a war footing for immediate service. It is presumed that the tugs will be used in Mexico if it is found necessary to land troops.

Orders directing the installation of guns on the tugs Patuxsco and Patuxent, received here from the department, caused the authorities here to put extra forces of men to work in order to prepare the craft for service. The two tugs, when equipped with guns, will proceed to Pensacola to await orders. Night and day shifts will be worked to expedite the sailing of the tugs. Repairs to the cruiser San Francisco are also being rushed to completion. The San Francisco is also expected to sail for Pensacola with the Patuxent and Patapsco.

Other war craft, including several torpedoboats, are being made ready for service.

Washington, Nov. 6.—President Wilson and Secretary Bryan took under consideration this morning a request from the Mexican constitutionalists for permission to import arms and ammunition from the United States. The request reached the State Department in the form of communication from Henry Allen Tupper, of the International Peace Forum. It is:

"General Carranza makes only this request—that our Government permit free importation of arms and ammunition into Mexico. He gives positive assurance under these circumstances of speedy and stable constitutional government and says intervention would be a grave and a disastrous mistake."

President Wilson has, it is believed, already sent a copy of the request to the House and Senate Committees on Foreign Relations it being his intention, according to reliable information, to put the whole question of a reply up to the legislative department of the Government. That Congress will comply is the opinion of well-informed persons about the Capitol, who declare that the majorities in both committees and among the members of both houses is favorable to lifting the embargo as an alternative of armed intervention in Mexico by the United States.

### SUIT FOR DAMAGES.

In the Circuit Court this morning Judge J. B. T. Thornton heard the demurrer of the defendant, presented by Colonel Francis L. Judge Thornton took the case under advisement.

Their baggage was removed from the room without the knowledge of the hotel proprietors.

The men were tried this morning by Police Justice Caton. They stated that they had been selling maps in this territory, but had such bad luck that they could not pay their bills, and were compelled to leave without settling their acount. Letters were presented to the court from the Southern Hotel Men's Association and from hotels in Fredericksburg, Va., and Charlestown, W. Va., giving accounts of other hotel transactions in which the men figured.

Both men were sentenced to jail for thirty days.

# OPENING OF NEW HALL

**Building in Christ Church Grounds Turned Over to Vestry and Trustees**

The recently erected addition to Parish Hall in Christ Church grounds was formally turned over to the trustees last night. There was a good attendance and after the formalities incident to the occasion refreshments were served by the ladies.

Mrs. Thomas W. Robinson, president of the Ladies' Aid Society of the Church, turned the new building over to Wm. A. Smoot, who represented the vestry and trustees. Mr. Smoot accepted the new structure in a few appropriate remarks.

The new building will relieve conditions considerably at the old historic church. Heretofore the relics which have been accumulating for years have been kept in the vestry room, which was often a source of inconvenience, as souvenirs were disposed of in this room and it was at times over crowded. The Bibles, prayer books, etc., are now in the new building where the souvenirs also have been placed, and visitors to the church in future will pass through the new structure.

## CALL EXTENDED.

# NEWS OF THE OLD DOMINION

### REVERSES VERDICT.

**Will Not Receive $5,000 in Breach of Promise Suit.**

Richmond, Va., Nov. 6.—In an opinion written by Judge Knapp, the Federal Circuit Court of Appeals yesterday reversed the District Court at Martinsburg, W. Va., which awarded Miss Iva Lee Fullhart $5,000 damages in a breach of promise against William V. Thrush.

The two first met and became engaged when they were students together at an Ohio college nineteen years ago. Thrush was then preparing for the ministry, and the understanding was, according to the papers in the case, that he and Miss Fullhart were to be married as soon as he was able to make provision for two. Later he changed his mind as to becoming a minister and returned to pursuits on the farm in West Virginia. In course of time he married another young lady, and thereby hangs the story.

### AGAIN TRIES SUICIDE.

**Third Attempt on Life is Made by Former Member of Police Force.**

Richmond, Va., Nov. 6.—In a fit of despondency Albert Coleman, an ex-policeman, swallowed several bichloride of mercury tablets shortly after midnight in a house on Mayo street.

After pumping the poison out of his stomach Dr. Cofer, of the city ambulance, left him out of danger. Altogether Coleman succeeded in swallowing six grains of the mercury. It was a third attempt at suicide. On previous occasions he took laudanum.

Aside from a bad case of remorse, Coleman was said today to be almost his normal self.

Details of his last attempt were hard to get today, owing to the efforts on the part of Coleman and his friends to have the matter given as little publicity as possible.

### MAY MERGE MISSION BODIES.

**Methodist Women Plan One Society in Virginia.**

Petersburg, Va., Nov. 6.—The Women's Foreign Missionary Society of the Virginia Methodist Conference heard the report yesterday of the corresponding secretary, Mrs. S. N. Brickhouse, of Norfolk. Miss Ruth Blanks, of Petersburg, first vice-president, presented the report on children's work, and Second Vice-President, Mrs. R. M. White, of Richmond, that of young people. Mrs. Alva H. Martin, of Norfolk, and Mrs. R. H. Potts, of Richmond, also spoke of work in their departments.

The society held devotional services last night conducted by Rev. George F. Booker and Miss Daisy Davis delivered an address. An executive session of the officers of the Foreign and Home Mission Society of Virginia was held last night and the feasibility of consolidating the two societies was discussed. The action taken will be reported at tomorrow's session of the society.

T. J. Jackson and George Hash, farmers, living near Hazelton, Mo., are dead as a result of drinking wood alcohol, which they believed to be the "good" alcohol they had ordered from St. Louis.

### ECHOES OF THE ELECTION.

**More Democrats in the Legislature Than Since The War.**

Richmond, Va. Nov. 6.—Not since the war has there been so great a majority of Democrats in the House of Delegates as will be enrolled when the State Board of Canvassers shall have completed their work.

There are ninety-two Democrats who will have seats in the caucus and have a hand in shaping legislation.

The Republicans and independents which are consolidated under the head of "opposition," will muster not more than eight votes, based on returns already received. Seven are Republicans; one is an independent.

The Democrats in the Senate number thirty-five, making the caucus of the party 127. Sixty-four constitutes a majority of the caucus.

The House will contain a greater number of new men than for many a long year. There are sixty-two "new" ones, counting the Republicans and the independent. In this number, however, there are several "come backs," men who have served one or more terms, dropped out and then been elected to the responsibilities of solons for another term.

Chairman Ellyson is disappointed at the size of the vote cast Tuesday. The figures will not be obtainable for several days, so that no one really knows just what vote was cast.

The vote cast Tuesday will not in the least affect the size of the next convention which the Democrats may hold. The State Democratic Committee has the right, said Mr. Ellyson, to base representation on either the presidential or the gubernatorial election. In addition, it can fix the ratio of representation at such proportion of the vote as may be deemed proper.

To illustrate, if a large convention is deemed advisable, the State Democratic Committee can order that there be one delegate for each fifty votes cast in either the presidential or gubernatorial election. It could fix the number at one delegate for each twenty-five votes. It could, on the other hand, in order to have a small convention, have a delegate for each 100 or each 200 voters.

It will be seen, therefore, that the size of the vote cast does not govern the size of the State convention. It is a fact, however, that the larger the vote, the greater the representation of any city or county in a convention, regardless of the basis.

### ALGER'S TRIAL BEGINS.

**He Confessed to Killing Gray, Claiming Self-Defense.**

Luray, Va., Nov. 6.—Thomas Alger, the confessed slayer of Oswald Gray, was placed on trial in the Page County Court yesterday. On the witness stand last week at the trial of his brother, Emanuel Alger, charged with being a party to the crime, Thomas Alger told in detail how he slew young Gray while the Algers and Gray were returning from preaching. He said the deed was committed in self-defense and absolved his brothers from any connection with the crime. Emanuel Alger was given seven years in the penitentiary, Leon Alger, the younger brother, claims he was not present when the murder was committed.

### TREHY WINS IN NORFOLK.

**Organization Leader Pulls Through With 100 Majority—Citizens' Party Elects Several.**

Norfolk, Va., Nov. 6.—With all returns in from the election James V. Trehy, leader of the organization forces in this city, is reelected clerk of the courts by a majority of 100 over Robert W. Peatross, the Citizens' Party candidate. Other organization winners are Edward J. Doran, who defeated W. F. Robertson by a majority of 849 for Commissioner of Revenues, and B. Gray Tunstall, who is re-elected City Treasurer by a majority of 409. The Citizens' Party elected Claude C. Hudgins, City Sergeant; J. Runyan Jones, City Collector; O. L. Shackleford, Commonwealth's Attorney, and W. P. Cousins and S. A. Woodward to the General Assembly.

The Citizens' Party managers talk of contesting the election of Trehy, on the ground that several precincts, including the fourth in Brambleton, were late in sending in returns. Most of the Citizens' Party followers, however, concede the election of Trehy, Doran and Tunstall, the three leaders of the organization.

In the fight to elect the municipal ticket, the organization legislative candidates were forgotten and as a result Norfolk for the first time will send one man to the Legislature favoring the enabling act and another favoring local option. S. A. Woodward favors letting the people of their home towns decide whether liquor should be sold therein, while W. P. Cousin will support an act enabling the people to vote on State-wide prohibition.

The narrow escape of James V. Trehy is the talk in political circles. The Citizens' Party centered its fire on Trehy and made no secret of the fact that his defeat meant more than the election of all the others on the ticket. They practically conceded the election of Edward J. Doran from the start.

### JONES BEGINS HIS TERM.

**Barber Among Prisoners Taken From Norfolk to Penitentiary.**

Norfolk Va., No. 6.—C. R. Jones, sentenced in the Corporation Court to eighteen years in the penitentiary on the charge of killing his wife, was one of the forty-three prisoners who left the city jail Tuesday to begin serving sentences in the penitentiary or on the roads. Twenty-three prisoners were sent to the penitentiary and twenty to the roads.

### DIES FROM WOUND

**John Rowlett Shot Himself in The Temple in Hospital.**

Petersburg, Va, Nov. 6.—John W. Rowlett, who shot himself in the head Sunday evening at his home in Etrick, died at the hospital Tuesday morning.

Mr. Rowlett was 41 years old and was employed by the Harrison Construction Company. He had recently lost by death several members of his family, including his wife and oldest daughter and this fact is thought to have caused him to take his own life. He was a man of many good characteristics and was highly esteemed by a large circle of friends.

## JAPANESE ISSUE BURNING OUT.

After an exhaustive investigation the Japanese delegates who came to the United States to report on the effect of the California alien land act find that the condition of their countrymen in America is far from bad. They had expected to discover intense excitement in the Japanese farming communities, and the sympathizers of the latter everywhere up in arms against intolerable oppression. This, in fact, was the picture held up to the Japanese at home by the jingo press of Tokyo, with the result that the government was nearly mobbed for its "spiritless policy." What the delegates really found were peaceful valleys, in which the Japanese were growing their grapes and small fruit unmolested and, most of them, contentedly. The larger number of them had formed land companies, which would enable them to hold their farms as securely as foreigners can hold land in Japan.

The delegates also report that the feeling in America toward Japanese is not particularly hostile. They found the prejudice against their countrymen to be no greater than that against other Asiatic nationalities—Armenians, Syrians and Hindus, for instance. The American people as a whole took little interest in the matter, and the opposition was based on economic grounds as much as on racial differences; labor competition being mainly responsible for the hostility which exists. The report suggests self-improvement among the Japanese and their assimilation to American ways of living as the most effective means of promoting more favorable sentiment toward them. One delegate suggests naturalization and acceptance in principle by the Japanese government of the right of expatriation. Dr. Soyeda, who headed the delegation, is of the opinion that there is no need of further diplomatic action on the part of the Japanese government.

The feeling which permeates the report is that a peaceful and satisfactory solution of all differences is bound to come, though it will take time. If the government at Tokyo makes the obvious deduction from the report it will not press for a solution of the problem of the Japanese in America. Immigration from Japan has practically stopped, and in the course of a few years there may be no problem to solve, or conditions may be so changed as to make a settlement easy if not unnecessary.

## INJURED IN JOY RIDE.

**Automobile Taken by Guest at Owner's Home—Two Young Men Arrested.**

Trenton, N. J., Nov. 6.—Miss Helen Swan, sixteen, was critically injured, and Miss Susie Schafer, nineteen, less seriously hurt late last night as the result of a joy ride. George C. Hurley, twenty-one, of Blenar, N. J., and Bryon Coom, twenty-five, of Allentown, Pa., are under arrest at the Second district police station and a big automobile belonging to Mrs. A. H. Worthington is a complete wreck in a field near Dutch Neck, a short distance from Princeton.

At St. Francis Hospital, this city, today, it was stated that Miss Swan is suffering from concussion of the brain, a broken leg, fractured nose, many contusions and lacerations of the face and head. Miss Schafer sustained bruises about the head and face. The two young men escaped uninjured.

According to the authorities one of the yuong men, who was visiting at the Worthington home, took the automobile without permission and he and his companion invited the girl for a ride. The machine was going at a fast rate of speed around a curve when it skidded and ran into a field striking a fence and pole.

The men sought help from Princeton and the young girls were brought to this city and the youths locked up.

## LAST ACT OF TRAGEDY.

**Prosecutor Wipper's Fierce Attack on Jews at Kiev.**

Kiev, Russia, Nov. 6.—The curtain was rung up for the last act of the great Jewish tragedy yesterday and last night Kiev was seething with excitment.

Prosecutor Wipper in an inflammatory speech to the jury fiercely insisted it had been proved Jews require Christian blood for sacrificial purposes.

At times Wipper broke down and cried—notably when impressing on the jury his personal knowledge of the fact that such a thing as ritual murder existed. He referred to the murdered boy as now being a saint and in the same breath, melodramatically waving his hand in the direction of Belliss, alluded to him as "these devils."

It was not a marshaling of point for the prosecution, but a venomous attack on Jews, with utter disregard for facts generally.

It is conceded that the outlook for Beilliss is exceedingly black. There is great uneasiness felt as to the likelihood of a progrom. Kiev is now full of peasants belonging to the Black Hundred, who go about in bands. They are insolent in manner and when primed with vodka present a most villainous appearance.

Mrs. Beiliss had this to say last night:

"I don't know why they took my poor unfortunate husband away from me. He has never done any one harm and was always so good to me and our five children."

When asked when she had spoke to her husband last she said she saw him a month ago, but then only for a few minutes, and in the presence of the officials.

"We did not speak much, for we were both crying, she said, "I was so anxious about him. He has been so brave, but the last two years have been terrible for us all. We have not hardly anything to live on, now that he is taken from us, and my children's education has been stopped.

"All they can do is stay home and cry for their father. We are not allowed to write to him and his letters never reach us."

Mrs. Beiliss said the authorities had raided her house many times, taking even every photograph of her husband.

Asked as to her plans for the future she said:

"With God's help, if my husband is acquitted, we shall leave Russia immediately, although many Jews in this place favor our staying some time, as it would otherwise look as though we were running away because we were guilty. But I am in constant fear of my life here. I have a sister in Philadelphia and expect we shall go there."

Fourteen persons were killed and fifteen fatally hurt when an express train was derailed at Pensa, Russia yesterday. Three persons were killed and five mortally hurt when two freight trains collided at Chenee, Belgium, today. The victims of the disastrous collision Tuesday night between a mail train and the Marseilles-Paris express on the Paris-Lyons-Mediterranean Railway at Melun, probably will go over fifty. Seventy-five persons were injured, some fatally.

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work.

I began taking Cardui, the womar's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

DISORDER IN INDIANAPOLIS.

Strike-Breakers and Policemen Injured by Flying Bricks.

Indianapolis, Ind., Nov. 6.—An effort to resume street car traffic which has been tied up since last Friday night by a strike, resulted yesterday in the serious injury of seven strike-breakers and two policemen and the entire demolition of the car. A crowd of several thousand persons many of them armed with bricks, surrounded the car and prevented progress, while a downpour of missiles from the roofs and windows of buildings along the route threatened the lives of the strikebreakers and police.

Indications were last night that the militia would be called out today. A committee of seven of the civic and commercial organizations presented a unanimous request to Governor Ralston asking for troops and stating the organization would share the responsibility for the action.

The request for troops came after the governor had spent the morning in conference with the brigadier-general of the state and county and city authorities.

"There are a great many people here who are not workingmen," said the governor, "and many of them are evidently desperate characters."

A number of strike sympathizers went back to the wrecked car later in the day to remove the car from the tracks and block further traffic on the line. They were dispersed when a riot call brought 50 policemen to the spot. Most of the cars which were deserted on the streets when the strike was called have been removed from the rails and will prevent any traffic on the downtown lines until replaced.

Another death due to the strike resulted when Thomas Carleton, who was shot in the Louisiana barn riots yesterday, died yesterday.

PREPARING FOR NUPTIALS.

Bride-Elect of the White House Tries on Best Visiting Gown.

Washington Nov. 6.—Miss Jessie Wilson, the bride-elect of the White House, yesterday tried on her very best visiting gown, which will form an important feature of her trosseau. It is a combination three-piece gown of deft blue chiffon brocaded in the same color velvet combined with plain velvet of the same shade. The dress is made of the brocaded chiffon, with a knee-deep hem of the blue velvet. A loose-sleeved cutaway coat, trimmed with moleskin, and a rather wide-brimmed black hat, with a soft crown and flat bow of blue velvet, complete the costume.

The floral decorations at the wedding will be arranged under the supervision of the government propagating gardens where for weeks rare blooms have been coaxed along for the event. A pretty touch has been suggested of Jasamine out of compliment to the brides name and quantities of this will be sent up from South Carolina and other Southern States where it abounds.

The famous Marine Band, with its 60 scarlet coated musicians, will be hidden behind palms in the main corridor.

White House messengers are busy distributing invitations to the wedding. About 400 invitations were sent out, approximately 250 of them being directed to residents of Washington.

ABANDONED SCHOONER.

Captain and Three Men Supposed to be Lost.

Portland, Me., Nov. 6.—The probable loss of their captain, Vincent Nelson, and three of their shipmates, and the death of one, form part of a tale of the sea brought here last night by the nine survivors of the crew of the Gloucester fisherman Annie M. Parker. The fact that their abandonment of the stranded schooner near Nantucket and the loss of life was unnecessary was not known to the crew until word reached them last night that the schooner was in port at New Bedford practically undamaged.

New Bedford, Mass., Nov. 6.—The revenue cutter Gresham towed into port the Gloucester fishing schooner Annie M. Parker, which was picked up Monday, with all sails set, her hold filled with fish, and without a soul on board, 60 miles east of the Nantucket lightship. The British steamer Astrakhan, bound from New York to France, sighted the Parker Monday, drifting with all sails set. The schooner was not leaking, and was in perfect condition, except for the loss of one jib. Salt fish valued at about $8,000 filled the hold. A prize crew from the Astrakan took charge of the Parker and turned her over to the Gresham.

Amsterdam N. Y.—Edward Alter, New York Central mail clerk, fell from a car as he was about to throw a pouch from the door and was fatally injured.

Miss Margaret Wilson, daughter of President Wilson, made her debut as a salaried concert singer in Philadelphia last night. She sang in the grand ballroom of the Bellevue-Stratford, and her audience was one that taxed the capacity of the salon. The occasion was a concert given by the Northern Liberty Aid Society. The President's daughter was in good voice, and she sang with confidence.
